

# Home Sweet Home *FALL Into WINTER*

★ FROM THE FRONT PORCH TO THE BACK DECK, surrounding grounds and every room, our cottage celebrates this cozy, heart-warming time of year. Bright and colorful, this open-concept house features little whimsical decorations like vintage trucks, VW busses with trees on top, ice skates and more that blend with April Cornell's "Cardinals in the Ponderosa Pines" linens on the table. A fun place to be when the weather is snowy, the cottage comes to life in a different way when it's **FALL Into WINTER!**
